DEAR FRIENDS,

We are honored to share The Night Ministry's 2017 Annual Report with you, a valued partner in our mission to provide housing, health care, and human connection to individuals experiencing poverty or homelessness.

FY17 was a momentous year for The Night Ministry, as we unveiled a new strategic plan, launched an innovative "backpack" medicine project, and prepared to open a groundbreaking youth housing program. It is only through the support of our donors and volunteers that we were able to make these strides while every day continuing to meet the physical, emotional, and social needs of the young people and adults we serve.

Serving in the Next Decade, The Night Ministry's new strategic plan, resulted from a deep look at the needs of the communities we serve and our capacity to meet them. We engaged staff, the Board of Directors, and clients in the process, examining data to better understand the impact of our programs while identifying opportunities for growth. The three-and-a-half year path we have embarked on calls for expanding and deepening services, relocating some programs to new facilities, increasing the professional development of staff, expanding the role of Performance Measurement, and increasing the role of advocacy.

The Night Ministry developed the Street Medicine initiative after asking how we could extend the reach of our Outreach and Health Ministry Program to individuals who could not visit the Health Outreach Bus or access traditional services elsewhere. Equipped with medical and survival supplies, the Street Medicine Team visits encampments in parks and forest preserves, under viaducts, and behind commercial areas, addressing immediate health needs while providing links to supportive services and building caring relationships. Last year the Team made more than 2,570 outreach contacts and conducted 91 health assessments at 30 sites across Chicago, and today this innovative approach has attracted attention worldwide.

As FY17 came to a close, construction neared completion inside a greystone on Chicago's West Side that would become the site of The Night Ministry's fifth youth housing program, one that is unique to the city and like few others in the country. Phoenix Hall was developed with community partners, including North Lawndale College Prep High School (NLCP), where an estimated 10 to 20% of students struggle with housing instability throughout the year. The program provides up to eight NLCP students experiencing homelessness with safe, stable, year-round housing as they achieve their academic goals.

With your help, last year The Night Ministry made an impact on the lives of more than 5,300 people who turned to us when they had nowhere else to go. Together we housed nearly 400 young people and 43 of their children and made 58,220 outreach contacts with homeless, precariously housed, and medically vulnerable individuals. At the Health Outreach Bus, more than 1,200 people received medical care, STI testing, or case management. We conducted 521 free rapid HIV tests and volunteers served 88,275 meals.

As we review the past year, we thank you for your support and look forward to continuing a partnership that, on a daily basis, offers a lifeline to forgotten members of our community.

Ever grateful,

Paul W. Hamann
President & CEO
